- All of our U.S. Flags are proudly made in America!

# POLY-MAX™ U.S. FLAGS

Our Poly-Max Flags are skillfully crafted using 2-ply 100% polyester bunting. The open weave construction reduces wind resistance, increasing flag life.

Poly-Max is recognized as the most durable flag fabric and Poly-Max flags are ideal for commercial, industrial and institutional applications and high wind areas.

Flags are finished with a white heavy-duty cotton-polyester blend army duck cloth. 10' x 15' and smaller flags have an embroidered star field while 10' x 19' and larger flags have an appliqued star field. All flag sizes include solid brass grommet(s) in the header. Flags 8' x 12' and larger include a roped header with plated steel rope thimbles on each end.

3' x 5' Poly-Max Flag
